**POOL/LEASE COMMINGLING**

**Administrative Order PLC-632**

Hilcorp Energy Company  
Attention: Nick Kunze  
382 Road 3100, Aztec, NM 87410

Pursuant to your application received on November 26, 2019, Hilcorp Energy Company (“Operator”) is hereby authorized to surface commingle gas production from the pools, wells, and associated leases identified in Exhibit A and incorporated by reference into this Order. The wells are located in Section 27, Township 29 North, Range 5 West, NMPM, Rio Arriba County, New Mexico.

This administrative order does NOT authorize any commingling of oil production.

Gas production for the San Juan 29-5 Unit 14F (30-039-29830) shall be allocated by an allocation meter prior to any commingling.

Gas production for the San Juan 29-5 Unit 14 (30-039-07546) shall be allocated using the subtraction method. Gas production allocated to the San Juan 29-5 Unit 14 (30-039-07546) shall be equal to the total commingled gas production minus the gas production allocated to the San Juan 29-5 Unit 14F (30-039-29830).

The commingled gas production from the wells shall be gathered at the central tank battery (“CTB”) described in Exhibit A and shall be measured at the custody transfer meter described in Exhibit A.

The allocation meters shall be calibrated in accordance with Division Rule 19.15.12.10(C)(2) NMAC.

This approval is subject to like approval from the Bureau of Land Management before commencing commingling operations.
