Ms. McKee:

ConocoPhillips Company submitted a protest of the above referenced application of Solaris Water Midstream, LLC in a letter to the NMOCD, dated February 12, 2019. ConocoPhillips Company had subsequent conversations with Solaris Water Midstream, LLC, where the two parties agreed upon the referenced location for the Ross Draw 1 SWD well. As a result, ConocoPhillips Company withdraws its protest of Solaris Water Midstream, LLC's SWD permit application.

Please let me know if ConocoPhillips Company needs to take any additional steps to formalize this action.

Thank you,
