Subject: [EXT] Notification of Protest - Application for Authorization to Inject (Dust Devil State SWD #1)

Mr. Goetze and Mr. McMillan,

Matador Resources Company ("Matador") received Notice of an Application for Authorization to Inject (the "Application") on April 15, 2019 from Delaware Energy, L.L.C. for its Dust Devil State SWD #1 ("Dust Devil") located in Section 7, Township 23 South, Range 33 East (No API number). Although Matador Resources Company does not own an interest in this area, its affiliates do.

MRC Permian Company, an affiliate of Matador, is the leasehold interest owner of the location where the proposed Dust Devil is located. Furthermore, Matador Production Company, also an affiliate of Matador, is the operator in that same area. As such, both MRC Permian Company and Matador Production Company would like to protest the Application, as the location of the Dust Devil may impact both MRC Permian Company and Matador Production Company's correlative rights and operation plans.

Furthermore, Delaware Water Management Company, LLC, a wholly owned subsidiary of Matador, submitted an Application for Authorization to Inject for its R Wallman State SWD #1 (the "R Wallman SWD") on March 26, 2019. Delaware Energy's proposed Dust Devil is less than 2,000 feet from the R Wallman SWD proposed location. Due to the proximity, Delaware Water Management Company, LLC would like to protest this Application as well.

Please let me know if you need any additional information.

Thank you,

Tara
