Attachments: MOC Silver Bullet SWD work maps.pptx

Hi John:

Please look at the tabulation of wells within the AOR. The wells drilled by Pogo in section 16 are now operated by OXY. Yates Petroleum was purchased by EOG. EOG and OXY are both on the list of notified persons.

Tim,

I was wondering if you had a clearer map for the offset operators / leaseholders as the one provided is difficult to read. It appears that Yates Petroleum et al and Pogo Production are within the AOR but were not noticed can you explain why they were not noticed or provided proof of notice to them. Can you provide a clear map of the AOR?

Thank you,

John Garcia

Hi John:

Thank you for noticing the footage differences in our application. The well is located 275' from the east line (see survey plat header below). I have attached corrected documents for your review.

I determined my parties requiring notice using the 275' FEL. There are no notice issues. Thanks

Subject: [EXT] Silver Bullet 16 SWD #1

Tim,

I am currently reviewing the Silver Bullet 16 SWD #1. I was wondering if you could clarify for me which footages are correct in the application for SHL.

1980' FSL & 275' FEL Are reflected in the following: Letter to OCD (Page 3) C-102 (Page 12) Newspaper Article (Page 31)

1980' FSL & 270' FEL Are reflected in the following: Well data sheet (Page 7) Listing of Notified Persons (Page 23)

Does the difference in footages affect any notice issues? What footages were the notices based on?

Thank you,

John Garcia
