

**STATE OF NEW MEXICO  
ENERGY, MINERALS AND NATURAL RESOURCES DEPARTMENT  
OIL CONSERVATION DIVISION**

**IN RE COLGATE OPERATING, LLC**

**ACO 201816**

**AGREED COMPLIANCE ORDER**

Pursuant to the New Mexico Oil and Gas Act ("Act"), NMSA 1978, Section 70-2-1, *et seq.*, and 19.15.5.10(C) NMAC, the Director of the Oil Conservation Division ("OCD") and Permian Resources Operating, LLC, (OGRID 372165) ("Permian Resources") successor in interest to Colgate Operating, LLC, (OGRID #371449) ("Colgate") enter into this Agreed Compliance Order ("Order") to resolve self-reported violations.

1. OCD is charged with the administration and enforcement of the Act and implementing rules and has jurisdiction to regulate wells and facilities operated within the State of New Mexico.

2. Between February and May of 2022, Colgate submitted a series of self-disclosure and corrective action plan reports to the OCD, identifying deficiencies in (1) submission of drilling sundries, (2) submission of form C-104 or completions information, and (3) submission of hydraulic fracture disclosures identified during an internal review process.

3. Colgate requested an informal resolution process.

4. Permian Resources is the successor in interest to Colgate, and operatorship of the wells involved in the self-disclosure and corrective action plan reports referenced above will be transferred from Colgate to Permian Resources upon OCD's approval of C-145 Change of Operator forms. A list of wells operated by Colgate and that are the subject of this Order are Attached as Exhibit A.

5. To resolve the violations without the cost and expense of a hearing on the legal and factual issues raised by Colgate's internal review, the parties stipulate and agree that:

- a. To the best of its knowledge, all violations identified in the above paragraph 2 have been resolved consistent with all requests or requirements made by OCD related to same.
- b. Colgate initiated a voluntary audit of internal practices and records for its New Mexico operations.
- c. No later than 30 days after the effective date this Order, Permian Resources shall pay a total cumulative civil penalty of forty-one thousand, five hundred dollars (\$41,500.00) to the State of New Mexico.

d. In executing this Order and in furtherance of the informal resolution process, Permian Resources acknowledges the obligation to operate in compliance with Oil Conservation Commission rules.

i. Permian Resources agrees to pay stipulated daily civil penalties set forth in OCD's *Civil Penalty Calculation Method, Version 2021-02* for subsequent violations of the Oil Conservation Commission rules for any late, missing, or incomplete forms C-103, C-104, C-105, or C-115 required by the state of New Mexico, for a period of one (1) year from the effective date of this Order. This requirement applies to wells for which operatorship is transferred from Colgate to Permian Resources and shall not apply to other wells operated or acquired by Permian Resources.

ii. Regarding wells for which operatorship is transferred from Colgate to Permian Resources, OCD shall notify Permian Resources of any alleged violation of the Oil Conservation Commission rules for late, missing, or incomplete forms C-103, -104, -105, or -115 within 1 year of any alleged violation. Permian Resources may respond to any alleged violations by asserting the subject form was not late, missing, or incomplete. In the event of disagreement, counsel for EMNRD to OCD and Colgate shall confer and, to the extent possible, make a joint recommendation to the Director. The Director's decision shall be final. EMNRD counsel to OCD shall notify Colgate of the final decision and the grounds for the decision.

e. Colgate's voluntary audit, self-disclosure, consent to stipulated penalties, and proactive efforts in working with OCD alleviates the administrative burden of investigation of potential violations and issuance of formal enforcement actions, and justifies a substantial reduction of the total potential calculated civil penalty; and

f. Permian Resources and Colgate retain their existing permits, rights, and conditions of operation within New Mexico unchanged, except as specified within this Order.

6. Permian Resources shall submit any notice or document required by this Order through the OCD Permitting system. Any other communication related to this Order shall be submitted by electronic mail to [OCD.Engineer@emnrd.nm.gov](mailto:OCD.Engineer@emnrd.nm.gov).

7. If Permian Resources fails to pay the civil penalty or portion thereof by the specified date or fails to pay a stipulated penalty or portion thereof no later than thirty (30) days after service of OCD's written demand, or in the case of a dispute within thirty (30) days after Permian Resources' receipt of the Director's decision, Permian Resources shall pay interest on the civil or stipulated penalty or unpaid portion thereof until paid in full at the interest rate of 8.75 percent.

8. Permian Resources admits OCD's jurisdiction to execute this Order, consents to the relief specified herein, and waives the right of review by the Oil Conservation Commission or other judicial relief.

9. The persons executing this Order represent that they have the requisite authority to bind their respective parties and such representation shall be legally sufficient evidence of their actual or apparent authority.

10. This Order becomes effective on the date of final execution by the OCD Director and terminates one (1) year therefrom.

11. OCD and Permian Resources agree that this Order fully resolves the violations referenced above in Paragraph 2.

12. Notwithstanding the foregoing provisions, OCD reserves the right to pursue enforcement against Permian Resources for any alleged violation not related to this Order and the underlying violations.

**OIL CONSERVATION DIVISION**
