Re: Application for Administrative Approval of Unorthodox Location
XTO Energy Inc.'s Breech E 70H
Surface Hole Location: 1,612' FNL & 150' FEL, Section 4, T26N, R6W
Bottom Hole Location: 1,750' FNL & 1,980' FEL, Section 5, T26N, R6W
Rio Arriba County, New Mexico
Basin Mancos Formation

Dear Mr. Brooks:

XTO Energy Inc. hereby requests administrative approval for an unorthodox location for the above referenced well. Attached for your reference are the following exhibits:

1. Well location plat (NMOCD Form C-102)
2. Ownership Map
3. Production map

The above referenced well is proposed to be drilled to test the Basin Mancos Formation, spaced as a 960 acre project area. Pursuant to the Basin-Mancos Gas Pool, Order No. R-12984, 660' unit boundary setbacks were established for drilling and development. However, XTO will enter the Basin Mancos pool at approximately 150' FEL of Section 4 causing the well to be non-standard. The well will be located on Federal lands.

Pickle Inc., as a working interest partner in Section 3, T26N, R6W, has been notified of the encroachment of Section 3. A copy has been provided for your reference.

XTO Energy Inc. requests your administrative approval for the unorthodox location based on the above information. Should you need any additional information, please contact the undersigned at (817) 885-3064.

Yours truly,

Aaron Austin
Sr. Landman

Dear Mr. Mackel:

Enclosed is a copy of an Application for Administrative Approval of Unorthodox Location for the Breech E 70H well that has been sent to the New Mexico Oil Conservation Commission for administrative approval. This notice and a copy of the application are being sent to you as a courtesy so that you may have the documentation for your records.

Should you have any questions or need more information, please contact the undersigned at (817) 885-3064.

Yours truly,

Subject: Breech E #70H; NSL Application

Dear Mr. Austin

Your letter with this application indicates that a 960-acre project area will be dedicated to this well. However, the attached Form C-102 does not show the configuration of the proposed project area.

There are several possible configurations for 960 acres that include the proposed wellbore location. Please furnish a revised C-102 depicting your intended configuration. I am inclined to assume that you intend to include all of Section 4 and the E/2 of Section 5, but I need to know for sure.

Sincerely

David K. Brooks
