SINGLE WELL CASH BOND

Know all men by these presents that the applicant, Ysabel Chueke, Allen D Campbell, Angus L Campbell, Rebecca L Campbell (an individual ~~(a partnership)~~ ~~(a corporation)~~) organized in the State of N.M. with its principal office at HC 68 Gila Hotsprings in the city of New Mexico, State of New Mexico and authorized to do business in the State of New Mexico is held and firmly bound to the Oil Conservation Division of the State of New Mexico (or its successor agency) in the sum of \$ Two Thousand (\$ 2,000.00), lawful money of the United States.

THE CONDITIONS OF THIS OBLIGATION ARE SUCH THAT:

The above applicant desires to drill a well or purchase or operate an existing well, the depth of which does not exceed 300 feet, to prospect for and produce geothermal resources on land owned by private individuals or the State of New Mexico, the particular identification and footage location of said well being as follows: (Well name and footage) Campbell Well No. 4 103 ft from North Line 6049 ft from West Line in Section 5 Township 13-S Range 13-W, NMPM, Grant County, New Mexico.

The applicant has deposited on behalf of the Division \$ 2000.00, in the manner indicated on the attachment to this bond being the principal sum intended to be secured. Applicant pledges this sum as a guarantee that it, its executors, assigns, heirs or administrators shall plug the well described above if dry, or when abandoned, in accordance with the rules and orders of the Oil Conservation Division of the State of New Mexico in such way as to confine the geothermal resources in the strata in which they are found, and to prevent same from escaping to other strata. If the applicant does not so properly plug and abandon said well upon order of the Division, the total sum of the bond shall be forfeited to the Division, and such amount as is necessary may be used to properly plug said well. If the principal sum of this bond is less than the actual cost incurred by the Division in plugging said well, the applicant, its successors, assigns, heirs or administrators shall be liable under the provisions of Section 71-5-23 NMSA (1978) of the Geothermal Resources Conservation Act, and the Division may take action, including the filing of legal proceedings, to recover any amounts expended over and above the principal sum of the bond.

NOW THEREFORE, if the above applicant or its successors, assigns, heirs, or administrators or any of them shall plug the above-described well when dry or abandoned, in accordance with the rules, regulations, and orders of the Division, in such a manner as to confine the geothermal resources in the strata in which they naturally occur, and to prevent them from escaping into other strata, and further to clean up the surface location of said well, then therefore, this obligation shall be null and void and the principal sum shall be paid to the applicant, or its successors, heirs, or administrator, otherwise it shall remain in full force and effect.
