I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the NMOCD marked as "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.

Subject: Notification of a fire (Wild Cap State #6)

Mr. Bratcher,

Please see below the detailed description of a fire that occurred yesterday (02/06/2012):

On Monday (2/6/2012) at approximately 9:00 a.m. the gas sales line at the Wild Cap #6 ruptured and started a fire due to friction. The well was shut in by lease operator and the fire department was dispatched to extinguish the fire. No fluids other than fresh water from fire truck hit the ground. No equipment was damaged from the fire. The poly line has been removed and replaced with a new steel line. The well has been returned to production.

Please let me know if there is an additional report that I need to fill out to document a fire on this State location.

Thank you,

Joshua Russo
