| Was a Watercourse Reached? | <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No | If YES, Volume Impacting the Watercourse. | Not Applicable | | |

If a Watercourse was Impacted, Describe Fully.*
Not Applicable

Describe Cause of Problem and Remedial Action Taken.*
Pipeline corrosion is the suspected cause of the release. Pumping sources immediately shut-down and the flowpath was diked. A vacuum truck was mobilized to the location. Impacted soils at the source was excavated and placed on plastic to allow repairs to the line

Describe Area Affected and Cleanup Action Taken *
Flowpath is in the Arco Road south ditch. Delineation and cleanup actions are pending. SESI, Hobbs, NM, will oversee delineation and remediation activities upon access approval from the State Land Office.

I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the NMOCD marked as "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations

Subject: Mimosa Gathering Release C-141

Good Afternoon,

Yesterday afternoon, HEP discovered a crude oil release in the Mimosa Gathering Line. Approximately 21.5 bbls was released, with about 10 bbls recovered from the south side of Arco Road. Attached is the C-141 form for the release. The State Land Office has been notified of the leak, and Mr. Bob Allen/SESI will be HEP's consultant for the investigation and remediation.

Please call or email me if you have any questions or concerns.

Sincerely,

William "Bill" Green, PG
Environmental Specialist
