Dear Mr. Catanach:

The current injection permit on the above well is 1160 psi. We would like to request this pressure be increased to 1408 psi. On April 5, 2005 Cardinals Surveys ran a step rate test and saw no great bottom hole pressure change during the test. We are including a copy of the test for your review. If you have any questions please give me a call 972-443-6489. correspondence needs to be sent to:

Thank you,

Zeno Farris
