Dear Mr. Lockhart:

Reference is made to your application of February 4, 1993, wherein you have requested our approval to downhole commingle production within the wellbore of the Warn State A/C 2 Well No. 9 Well. Your application proposes to commingle the production from the Vacuum ABO and 2nd Vacuum Drinkard pools.

Since it appears that all the New Mexico Oil Conservation Division rules and regulations have been complied with and there will be no loss of revenue to the State of New Mexico as a result of your proposed operation, your request for downhole commingling is hereby approved. Any deviation from the substance of your request will be sufficient grounds for rescinding our approval. Our approval is subject to like approval by the New Mexico Oil Conservation Division.

Your filing fee in the amount of thirty (\$30.00) dollars has been received.

If you have any questions, or if we may be of further help, please contact Pete Martinez at (505) 827-5791.

Very truly yours,
