Dear Mr. Hoover:

Reference is made to your application of March 24, 1993, wherein you have requested our approval to downhole commingle production within the wellbore of the State A-2 Well No. 4, 2310'FSL & 1980'FEL (NW/4SE/4) Sec. 2-25S-37E, Lea County, New Mexico. Your application proposes to downhole commingle the production from the Justis Blinebry and Justis Tubb-Drinkard pools in this well to maximize the efficient and effective recovery of reserves from both pools.

Since it appears that there will be no loss of revenue to the State of New Mexico as a result of your proposed operation, your request for downhole commingling is hereby approved. Any deviation from the substance of your request will be sufficient grounds to rescinding our approval. Our approval is subject to like approval by the New Mexico Oil Conservation Division.

If you have any questions, or if we may be of further help, please contact Pete Martinez at (505) 827-5791.

Very truly yours,
