**Subject:** COG Operating - Holder Federal Tank Battery - Eddy Co - Approval Request  
**Attachments:** COG - Holder CB Federal Tank Battery - Work Plan .pdf

Mike and Terry,

Please review the attached work plan for the Holder CB Federal Tank Battery located in Eddy County, New Mexico. Once approved, the soil remediation will be implemented at the site. I will forward a hard copy of the report for your files. Please call me if you have any questions, thanks .

**Subject:** RE: COG-Holder Federal Tank Battery-Work Plan: Request for additional information

Gentlemen,

I reviewed your submitted work plan and found that no samples had been taken in the affected pasture area. Nor were there mitigation measures included for the pasture-affected area. A mixture of saltwater and oil was sprayed over the pasture area and there are areas of greater accumulation and saturation to deeper levels the closer you get to the tank facility. The pasture-impacted areas also need to be sampled and mitigation measures put forward in the submitted cleanup plan for this spill. You can resubmit a plan, or submit an addendum for the original plan.

Thank you for your attention to these concerns,

### **Terry Gregston**
