Subject: Monday 08/29/11 10:00 am conference call: Sagebrush Federal 1

Gentlemen,

I have notified various BLM specialists about the conference call on the Sagebrush Federal 1 on Monday. Despite the short notice, we should have a cave/karst specialist, an engineer, Jim Amos, and hopefully a range specialist present during the call. If COG wishes to do so, we can just meet at the BLM Carlsbad office. The advantage of doing so is the access to various mapping systems that might be relevant to various resource concerns in regards to the Sagebrush.

One way or the other, it looks like we are a 'go' for 10:00am Monday. Is there a number that we should call to initiate the conference call?

I look forward to speaking with you all on Monday,

Terry Gregston
