By Whom?	Michelle Mullins	Date and Hour			
Was a Watercourse Reached?	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No	If YES, Volume Impacting the Watercourse.			

If a Watercourse was Impacted, Describe Fully.\*

Describe Cause of Problem and Remedial Action Taken.\*

We had a power failure from a lighting storm which disabled our alarm system at the Folk Federal B Tank Battery allowing the produced water tank to overflow inside the facility.

Describe Area Affected and Cleanup Action Taken.\*

Initially 130bbbls of produced water were released from the produced water tank and we were able to recover 129bbbls with a vacuum truck. This is a 40 mil lined facility. All free fluid has been recovered and the contaminated gravel has been removed from the facility. We have added fresh gravel to the facility as necessary. The facility has been returned to its prior condition.

I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the NMOCD marked as "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.

**Cc:** Joshua Russo  
**Subject:** Folk Federal B Battery-Immediate Notification

Mr. Bratcher, Mr. Amos, Ms. Gregston:

On 08/18/2012 at approximately 12:00 am, a produced water tank was found running over at the above-referenced battery. An estimated 130 bbls of produced water was released with 129 bbls recovered by vacuum truck. All fluid was contained inside a 40 mil lined dike. The cause of the release was an alarm system failure due to lightning strike. The system has been repaired and returned to service. We will get more details and follow up with a C-141 Report.

GPS coordinates, legal description, and driving directions below.

N32\* 50.168 W104\* 50.467

Folk Federal #10 (**closest well location**)  
2065' FNL & 990' FEL  
Unit H Sec. 17 T17S R29E  
Eddy County, NM  
API 30-015-36862

From Highway 82, turn north on CR 210. Travel approximately 1 mile. Turn east and travel .25 miles. Battery is to the north.

Thank you.
