Re: Application of Targa Midstream Services, LLC for administrative amendment to increase maximum operating pressure under Order Nos. R-13052 and R13052-A, Monument Acid Gas Injection Well, Lea County, New Mexico

Dear Ms. Bailey:

Momentum Operating Co., Inc. ("Momentum") objected to the above application. See copy of objection letter attached hereto. However, I recently learned that, despite the timely objection, the Division approved the administrative application. Because of Momentum's objection the administrative application should have been automatically denied pursuant to Division rules.

As a result, Momentum requests that the administrative approval be immediately rescinded, and if Targa desires to pursue the pressure increase that it set the matter for hearing, and notify all interested parties.

Very truly yours,

James Bruce

Attorney for Momentum Operating Co., Inc.
