**Attachments:**

**Re:** Administrative applications for the following three unorthodox Glorieta oil well locations in Township 17 South, Range 35 East, NMPM, Vacuum-Glorieta Pool (62160), Lea County, New Mexico: (i) Vacuum Glorieta East Unit, Tract 5 Well No. 7 to be drilled 457' FSL & 1174' FEL (Unit P) of Section 29 (administrative application reference No. pSEM0-522141631); (ii) Vacuum Glorieta East Unit, Tract 5 Well No. 8 to be drilled 1131' FSL & 330' FEL (Unit P) of Section 29 (administrative application reference No. pSEM0-522141842); and (iii) Vacuum Glorieta East Unit, Tract 4 Well No. 3 to be drilled 308' FNL & 990' FWL (Unit D) of Section 33 (administrative application reference No. pSEM0-522141996).

Ms. Lopez:

I've listened to your voice-mail message left at 12:57 p.m. today (Thursday, August 25, 2005). I apologize, I was not aware of ConocoPhillips, Inc.'s conversation with Mr. Catanach concerning these three wells and the Engineering Bureau's decision about the validity of the Vacuum Glorieta East Unit Waterflood order (R-10020, as amended).

Please disregard my letter to Ms. Marberry of August 18, 2005 dismissing the three subject administrative application. I have copies of all three applications and will immediately recommence the Division's review process. Should I need anything I will immediately contact you by phone at (832) 486-2329 or by e-mail.

I take full responsibility for this oversight and again apologize for any inconvenience this delay may have caused ConocoPhillips, Inc.

Please be aware, and again I apologize, I probably will not have an order out for you today, and since I'll be out of the office tomorrow it will probably be Monday.

\* Re: the 3 Vacuum Glorieta Wells within ConocoPhillips'  
3 wells filed on 8-8-2005

- Catanach told ConocoPhillips that the inj/waterflood authority granted by R-10020 had expired since injection had not occurred within one-year of the order.

- NSR filing would be required. *M. Stogner*

Michael,

Thanks for your help on this. We apologize, too, for not mentioning our conversation with David before now. This has not caused COPC any delays.

Thanks,  
 Yo

Michael

After we received your letter I applied for the APD's on all three wells and was rejected due to existing well numbers. Apparently there was a ruling in '94 that we couldn't have the same well numbers and we haven't drilled in this area since before that time. Therefore, the well numbers are being changed. Do I need to resend with new numbers? If you are able to change them the new numbers are as follows:

Vacuum Glorieta East Unit 04-03 will now be the Vacuum Glorieta East Unit # 14  
 Vacuum Glorieta East Unit 05-07 will now be the Vacuum Glorieta East Unit # 15  
 Vacuum Glorieta East Unit 05-08 will now be the Vacuum Glorieta East Unit # 16

Thank you for your time.

Debbie Marberry
