Re: Reclassification of Well
Blinebry Oil and Gas Pool
Gulf Hill #1-R
Sec. 4, T21S, R37E

Gentlemen:

According to the recently submitted "scheduled" gas/oil ratio test for the above-referenced well it will be reclassified from a gas well to an oil well effective January 1, 1992, and the gas allowable cancelled effective that date.

If for some reason you feel the recently submitted test does not reflect the proper classification of this well, please submit another test for our consideration by November 8, 1991.

The well currently has 40 acres dedicated so the dedicated acreage will remain the same. If your gas transporter changes due to reclassification please submit Form C-104 so indicating.

Very truly yours,
