Mr. Bratcher,

It was not a reportable release we the remediation was part of an audit finding from a visit from the BLM. We were given a list of items of leases that required reclamation and this lease required some remediation. We think this happened when they were fracing the well but are not sure. The well was just recently turned over to operations.

Sincerely,

Donna Thompson

Ms. Thompson,

Geoffrey Leking with NMOCD District 1 - Hobbs, forwarded this report to me. This well site is in Eddy County and falls under NMOCD District 2 - Artesia. Neither district has record of a spill report (NMOCD Form C-141) having been submitted for this incident. Please advise.

Thank you,

Mike Bratcher

Mr. Leking,

Here is the report for the Golden Spur 25-2H and we are working on the one for the Redhills State 16-5 location with the information you requested per our phone conversation. After review of this report please let me know what other information is required for closure, and as usual thanks for all your help.

Sincerely,
