If a Watercourse was Impacted, Describe Fully.* NA

Describe Cause of Problem and Remedial Action Taken.* HEP was notified of the release by Concho. A HEP operator isolated the 4" hand-run line; notified the appropriate HEP contacts; and dispatched excavation crews. A small hole was found in the pipeline on 03/10/14. HEP Operations installed a clamp and subsequently replaced the pipe. The majority of the release was contained on the right-of-way. The pipeline is a non-regulated asset.

Describe Area Affected and Cleanup Action Taken.* Vacuum trucks recovered 15 bbls of free product. The site will be assessed and remediated in accordance with NMOCD regulations.

I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the NMOCD marked as "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.
