Describe Cause of Problem and Remedial Action Taken.*

Bell nipple broke at wellhead. faulty bell nipple removed and replaced. All standing fluid was vacuumed up and disposed.

Describe Area Affected and Cleanup Action Taken.*

Area around wellhead was affected by produced water. Plan is to remove affected dirt and dispose at Lazy Ace Land Farm. Then replace with clean dirt.

I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the NMOCD marked as "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.
