RECEIVED

Describe Cause of Problem and Remedial Action Taken.*

Pipeline leak was detected by Gulf Coast Helicopter pilot. The leaking portion was isolated, and pipeline section was blown down to start repair activities. The pipeline segment will be brought back online as soon as the leak is fully repaired.

Describe Area Affected and Cleanup Action Taken.*

Approximately 5 bbl of pipeline liquid were released from the leak within the pipeline Right of Way. Operations collected the contaminated soil during excavation of the pipeline. Subsequent cleanup activities are being scheduled and soil sampling will be performed to verify affected area is clean.

I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the NMOCD marked as "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.

**RE: Form C-141 Report for Enterprise Field Services LLC
Releases on Carlsbad Area Gathering Lines**

Dear Mr. Bratcher:

Enclosed, please find the required C-141 Form for the pipeline leak and blowdown on our 1002 Line in Eddy County on July 27, 2014. The pipeline leak was detected by a Gulf Coast Helicopter pilot, and immediate repair activities were carried out to avoid further gas losses. An immediate notification of this event was performed by Ms. Dina Babinski via the NMOCD reporting hotline. This report is sent pursuant to NMAC 19.15.29 requirements for major releases.

If you have any questions or need additional information, please contact Dina Babinski our area Environmental Supervisor at 210-528-3824 or by email at djbabinski@eprod.com, or me at 713-318-6684.

Regards,

Jon E. Fields
Director, Field Environmental
