Pursuant to the New Mexico Oil and Gas Act, NMSA 1978, Sections 70-2-1 through 70-2-38, as amended ("Act") and OCD Rule 19.15.17 NMAC, the Director of the Oil Conservation Division ("OCD") and BP America Production Company ("Operator") enter into this Below-Grade Tank Agreed Compliance Order ("Order" or "ACO") under which Operator agrees to bring the below-grade tanks, identified herein, into compliance with the Act and OCD Rule 19.15.17 NMAC. Operator shall do so in accordance with the following agreed schedule and procedures, and understands that the OCD may decide not to enter into another agreement with Operator if Operator fails to meet the schedule set out in this Order.

FINDINGS

1. The OCD is the state division charged with administration and enforcement of the Act, and rules and orders adopted pursuant to the Act.
2. Operator is a corporation doing business in the state of New Mexico, registered with the New Mexico Secretary of State under corporation number 176503.
3. Operator is the operator of record under OGRID 778 for the below-grade tanks identified in Exhibit "A."
4. OCD Rule 19.15.17.11(I) NMAC states, in relevant part:

If the existing below-grade tank does not demonstrate integrity, the operator shall promptly drain the below-grade tank, remove it from service and comply with the closure requirements of 19.15.17.13 NMAC.

5. The below-grade tanks identified in Exhibit "A" are out of compliance with Rule 19.15.17 NMAC as of July 1, 2014.

6. The below-grade tanks identified in Exhibit "A" could result in Operator facing sanctions.
7. Sanctions for being out of compliance with OCD Rule 19.15.17 NMAC include the possibility of the OCD seeking a Compliance Order against Operator.
8. The OCD and Operator enter into this agreement to allow Operator to complete its improvements while not being subject to sanctions.
9. Operator will be subject to sanctions if it fails to meet the terms of this Agreed Compliance Order.

CONCLUSIONS

1. The OCD has jurisdiction over the parties and subject matter in this proceeding.
2. The below-grade tanks identified in Exhibit "A" are out of compliance with OCD Rule 19.15.17 NMAC as of July 1, 2014.
3. As operator of the below-grade tanks identified in Exhibit "A," Operator is responsible for bringing those below-grade tanks into compliance with OCD Rule 19.15.17 NMAC.
4. The OCD and Operator enter into this agreement to allow Operator to complete its improvements while not being subject to sanctions under OCD Rule 19.15.17 NMAC.

ORDER

1. Operator agrees to bring fifty (50) of the three hundred and seventy five (375) below-grade tanks identified in Exhibit "A" into compliance with OCD Rule 19.15.17 NMAC by December 31, 2014.
2. Operator shall file a compliance report identifying each below-grade tank returned to compliance and stating the date it was returned to compliance. The written compliance report must be mailed or e-mailed to the OCD's Enforcement and Compliance Manager and to the OCD hydrologist in charge of below-grade tanks so that it is **received** within thirty (30) days after the compliance deadline of December 31, 2014. Subsequent reports shall be due thirty (30) days after the last day of each 6 month period of this continued agreement per Paragraph 6 of this Order.

 - (a) acknowledges the correctness of the Findings and Conclusions set forth in this Order;

 - (d) waives any right, pursuant to the Oil and Gas Act or otherwise, to an appeal from this Order, or to a hearing either prior to or subsequent to the entry of this Order; and
 - (e) agrees that the Order may be enforced by OCD or Oil Conservation Commission Order, by suit or otherwise to the same extent and with the same effect as a final Order of the OCD or Oil Conservation Commission entered after notice and hearing in accordance with all terms and provisions of the Oil and Gas Act.
5. This Order applies only to the enforcement of OCD Rule 19.15.17 NMAC against those below-grade tanks identified in Exhibit "A." Other than the below-grade tanks identified in Exhibit "A", Operator acknowledges that if it is out of compliance with OCD Rule 19.15.17 NMAC on any other matter Operator may be subject to immediate enforcement action under the Oil and Gas Act and OCD Rules.
