Re: Application of EOG Resources, Inc. for administrative approval of an unorthodox well location for its Streetcar 15 Fed #6H Well to be completed in Section 15, Township 25 South, Range 33 East, N.M.P.M., Lea County, New Mexico.

Dear Ms. Bailey:

EOG Resources, Inc. (OGRID No. 7377) seeks administrative approval of an unorthodox well location for its **Streetcar 22 Fed #6H Well** to be completed within the Draper Mill; Bone Spring (Oil) Pool (Pool Code 96392) underlying Section 15, Township 25 South, Range 33 East, N.M.P.M., Lea County, New Mexico. This well will be drilled from a surface location 250 feet from the South line and 2245 feet from the West line of Section 15, Township 25 South, Range 33 East. The upper most perforation will be 330 feet from the South line and 2398 feet from the East line of Section 15 (Unit O) and the lower most perforation will be 330 feet from the North line and 2398 feet from the East line of Section 15 (Unit B). Since this acreage is governed by the Division's statewide rules which provides for wells to be located no closer than 330 feet to the outer boundary of the spacing unit, the completed interval for this well will be unorthodox. Approval of the unorthodox completed interval will allow for efficient well spacing in Section 15, prevent waste of a productive reservoir and improve well performance.

Exhibit A is the Well Location and Acreage Dedication Plat (Form C-102), which shows that the completed interval of the proposed **Streetcar 15 Fed #6H Well** encroaches on the spacing and proration unit to the Northwest, West and Southwest.

Exhibit B is a land plat for Section 15 and the surrounding sections that shows the proposed **Streetcar 15 Fed #6H Well** in relation to adjoining units and existing wells.

BTA Oil Producers, LLC is the only party affected by the encroachment to the Northwest and Southwest. Enclosed as **Exhibit C** is BTA's waiver of the 20 day notice period and acceptance of the proposed non-standard location. EOG is the sole operator and mineral lessee of the federal lease covering Section 15. Accordingly, there are no affected parties by the encroachment to the West. Nonetheless, a courtesy copy of this application has been provided to the Bureau of Land Management.

Your attention to this matter is appreciated.

Sincerely,

A handwritten signature in black ink, appearing to read "Jordan L. Kessler".

Section 15: W2E2
Lea County, New Mexico

Gentlemen:

Reference is made for all purposes to EOG Resources Inc.'s (hereafter "EOG") amended application to the New Mexico Oil Conservation Division for an administrative order approving a non-standard well location for the captioned well as shown on the map or plat attached hereto and made a part hereof.

EOG hereby requests that BTA Oil Producers, LLC (hereafter "BTA"), as an affected party, waive any objection to EOG's application for said order.

As a condition for the granting of this waiver by BTA, EOG agrees that, upon written request by BTA, it will grant, to the extent of the encroachment of the captioned non-standard well only, one reciprocal waiver to BTA for the drilling of a well on a non-standard location in a spacing unit or project area adjoining the W2E2 of Section 15, T25S, R33E, N.M.P.M., Lea County, New Mexico.
