If a Watercourse was Impacted, Describe Fully.*		
Describe Cause of Problem and Remedial Action Taken.* <input type="checkbox"/> A downed power line ignited causing a fire which melted the flow lines. The facility and wells were shut in. The BLM fire department responded. The lines were cut and capped. A vac truck was immediately called to the site and recovered 300 barrels of produced water and 1 barrel of oil. Talon/LPE was contacted for the emergency response.		
Describe Area Affected and Cleanup Action Taken.* <input type="checkbox"/> Talon mobilized personnel and equipment for emergency cleanup and sampling.		
I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCDC rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the NMOCDC marked as "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCDC acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.
