Dear Ms. Bradfield:

We have received your application requesting approval for downhole commingling of the Blanco Mesaverde and Basin Dakota pools in the referenced well. This application had been misplaced and we apologize for the delay in processing it.

Your application, including applicable pressure data, has been reviewed and we concur with your proposal to commingling the Mesaverde and Dakota intervals. This approval is conditional on submittal of the allocation factors for this well.

If you have further questions regarding this matter, please contact Brian W. Davis at (505) 599-6367 or 599-8900.

Sincerely,

**/s/ Duane W. Spencer**
