RE: Pure Resources
Well 28 Spill Site, West Lovington Unit
Sect. 6, Tws. 17 S., R. 36 E. Unit M

Mr. Johnson:

Pure has completed backfilling, contouring and leveling as approved. We will seed when the season and weather is appropriate. Find enclosed final photos.

This should finalize this site. If you have any questions, please call.

Thank you for your time and patience in this matter.

Sincerely,

Eddie W. Seay

area affected was approximately 500 X 500 - excavate and haul Cleanup was agreed upon by Land Owner - Angell & Pure

I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the NMOCD marked as "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.
