San Juan County, New Mexico  
Mesaverde Formation

Dear Mr. Stogner:

XTO Energy Inc. hereby requests administrative approval for an unorthodox location for the above referenced well. Attached for your reference are the following exhibits:

1. Well location plat (NMOCD Form C-102)
2. Topographic map
3. Aerial photograph
4. Ownership map
5. Production map showing Mesaverde Formation Gas Production

The above referenced well is proposed as an infill Mesaverde well within an established 320 acre S/2 unit.

The proposed location has been agreed to after extensive negotiations between XTO and the surface owner. The location is the result of a Stipulated Judgment issued by the Eleventh Judicial District Court, San Juan County, New Mexico. The judgment provides that the well location be in the far southeast corner of a northeast field near an existing manure pile.

Drilling the above referenced well at the requested location will best preserve the surrounding surface while effectively and efficiently producing gas from the Mesaverde Formation.
