HAND DELIVERED

Ms. Lori Wrottenbery, Director
Oil Conservation Division
1220 South Saint Francis Drive
Santa Fe, New Mexico 87505

Re: Administrative Application of Chesapeake Operating, Inc.
for approval of a unorthodox well location for its
Caudill "7" Well No. 1, Unit P,
E/2SW/4 (80-acre) dedication, Section 7,
T16S, R37E, Lea County New Mexico
Northeast Lovington Upper Penn Pool

Dear Ms. Wrottenbery:

On behalf of Chesapeake Operating, Inc., please find enclosed our referenced application that is being filed in accordance with the special rules for this pool. This location crowds the exterior line between the SE/4SE/4 between the NE/4SE/4 (10 feet instead of within 150 feet of the center of the quarter-quarter section). Ownership in the spacing unit is common.

Concurrently with this application, Chesapeake has filed its APD with the OCD-Hobbs.

Very truly yours,

W. Thomas Kellahin

CC: Chesapeake Operating, Inc.

**STATE OF NEW MEXICO
ENERGY, MINERALS AND NATURAL RESOURCES DEPARTMENT
OIL CONSERVATION DIVISION**

**IN THE MATTER OF THE ADMINISTRATIVE
APPLICATION OF CHESAPEAKE OPERATING, INC.
FOR APPROVAL OF AN UNORTHODOX WELL LOCATION
LEA COUNTY, NEW MEXICO**

ADMINISTRATIVE APPLICATION

Comes now CHESAPEAKE OPERATING, LTD. ("Chesapeake") and by and through its attorneys, Kellahin & Kellahin, and applies to the New Mexico Oil Conservation Division ("Division") for approval of an unorthodox oil well location for its proposed Caudill "7" Well No. 1 to be drilled at a unorthodox location 1310 feet from the South line and 560 feet from the East line (Unit P) of Section 15, T16S, R37E, Lea County, New Mexico to be dedicated to a standard 80-acre 71 spacing unit consisting of the S/2SE/4 of this section for production from the Northeast Lovington-Upper Penn Pool.

In support, Chesapeake states:

1. Chesapeake is the proposed operator for this well to be dedicated to a standard 80-acre oil spacing and proration unit consisting of the E/2SE/4 of this section.
2. The well is to be located 560 feet FEL and 1310 feet FSL (Unit P) Section 7, T16S, R36E, at an unorthodox oil well location for the Northeast Lovington-Upper Penn Pool. See APD and Form C-102, attached as Exhibit "A" and "B"

3. This well location is subject to the Special Rules and Regulations for the Northeast Lovington-Upper Penn Pool (Order R-3816).

4. This location, as illustrated on Exhibit "C" attached, is based upon geologic reasons:

a. Based upon 3-D seismic analysis, Chesapeake believes that there is a Strawn alga mound that if best tested at a location outside of the standard location 150" radius drilling window;

b. It will reduce the risk if the well is located towards the thicker portions of the reservoir.

5. Because ownership in this Spacing unit is the same persons with the same percentages no notifications were send. See Chalfant's ownership summary enclosed as Exhibit D

6. Approval of this application will afford the owners and the applicant the opportunity to produce their just and equitable share of the oil in the Upper Penn formation, will promote the orderly development in this area, will prevent the economic loss caused by the drilling of unnecessary wells, avoid the augmentation of risk arising from the drilling of an excessive number of wells and will otherwise prevent waste and protect correlative rights.

WHEREFORE, Applicant requests that this application be approve by the Division.

Respectfully Submitted:

A handwritten signature in black ink, appearing to read 'W. Thomas Kellahin', written over the typed name below it.

Re: Caudill "7" Well No. 1
Application for Permit to Drill
Chesapeake Operating, Inc.
Unit I E/2SE/4 Section 7, T16S, R37E
Lea County, New Mexico

Dear Mr. Williams:

On behalf of Chesapeake Operating, Inc. and at their request, I have reviewed and now forward for your processing the enclosed application for approval to drill this well.

For your information, my research indicates that the well will be in the Northeast Lovington-Upper Penn Pool at an unorthodox well location. The rules for this pool require 80-acre spacing and standard well locations within 150 feet from the center of either 40-acre tract.

We are in the process of filing an application with the OCD-Santa Fe requesting approval of the unorthodox well location. Please call me if you have any questions.

Very truly yours,

W. Thomas Kellahin
