API No. 30-045-24302  
San Juan County, NM

Dear Ms. Wrotenbery & Mr. Spencer:

Dugan Production Corp. has completed the surface commingling on the above referenced well. The Blanco Mesaverde and the Basin Dakota gas will be measured using the original Blanco Mesaverde meter (EPFS meter No. 93436 ). The work was completed on September 24, 1998 and the commingled flow commenced at that time.

If you have questions or need additional information, please let me know.

Sincerely,

*Tom Blair*

Tom Blair  
Production Superintendent
