n/a

Describe Cause of Problem and Remedial Action Taken.\*  
Steel injection line developed a hole due to corrosion. Replaced line.

Describe Area Affected and Cleanup Action Taken.\*  
60' x 14' off location. Will clean-up per OCD/ BLM authorized officer instructions.

I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the NMOCD marked as "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.

North Square Lake Unit #003  
30-015-20183

Memorial had a hole in the injection line at NSLU #3, initial report is 50bbls PW 25' x 20' off location, no fluid recovered. I will follow-up with a C-141 when I get more details.

Thank You
