Describe Cause of Problem and Remedial Action Taken.*
3 inch poly pipe ran over creating a hole which resulted in release. Transfer pumps shut off to prevent further release. The poly pipe is scheduled for repair.

Describe Area Affected and Cleanup Action Taken.*
25 BBL spill of produced water was released on a 12 x 50 area on the lease road leading to the Ore Ida 14 Fed 10 SWD 0 BBL recovered. An environmental group will be contacted for remediation.

I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the NMOCD marked as "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.
