If a Watercourse was Impacted, Describe Fully.*

Describe Cause of Problem and Remedial Action Taken.*

The West Artesia Grayburg Unit #1, an injection well, experienced a leak in the pasture approximately 50 yards South of the well. The leak was repaired and a vacuum truck picked up as much water as it could.

Describe Area Affected and Cleanup Action Taken.*

The West Artesia Grayburg Unit #1, an injection well, experienced a leak in the pasture approximately 50 yards South of the well. The leak was repaired and a vacuum truck picked up as much water as it could. A formal remediation plan will be prepared and submitted to the NMOCD - Artesia Field Office.

I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the NMOCD marked as "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.
