RECEIVED

If a Watercourse was Impacted, Describe Fully.* *N/A*

Describe Cause of Problem and Remedial Action Taken.*

A pin hole leak on the 2 inch collar of drain line, the leak was on weld seam off collar. Opened drain line to divert fluid to open top tank and called for a vacuum truck.

Describe Area Affected and Cleanup Action Taken.*

5 BBL oil & 5 BBL of produced water was released on a 25X 3 area all on pad, 3 BBL of oil & 0 BBL of produced water was recovered. An environmental agency will be called out for remediation.

I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the NMOCD marked as "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.
