Re: Request for Surface Commingle

Mr. McMillan,

COG Operating LLC respectfully requests approval to Surface Commingle / Pool Commingle our Holder CB Federal wells at our Holder CB Federal 6 Battery. Please see attached well list.

Consolidating our battery facilities will extend the economic life for these wells and lessen surface disturbance. These wells are under the same BLM lease but do have diverse interest. One of our batteries was struck by lightning last July and because these are very low producing wells, we would like to commingle because it is uneconomical to restore the damaged facility. We are also asking to use well test method since this lease is a low producing lease. Commingling will not reduce the value of production.

Attached is a diagram of the battery facility, a map showing the well locations and the location of the CTB, admin checklist, and notice to all interest owners and publication. Please contact me at 432-685-4332 should you have any questions.

Sincerely,

A handwritten signature in black ink, appearing to read "K. Castillo", written over a horizontal line.
