Dear Ms. Cherry:

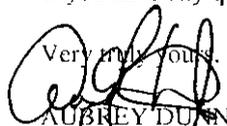

We are in receipt of your application of June 23, 2015 requesting to surface commingle and off lease measure gas production from the above mentioned wells in Eddy County, New Mexico.

Since it appears that all the New Mexico Oil Conservation Division's rules and regulations have been complied with, and there will be no loss of revenue to the State of New Mexico as a result of your proposed operation, your request is hereby approved. Our approval is subject to like approval by the New Mexico Oil Conservation Division and Bureau of Land Management. Please submit a copy of the NMOCD's approval to this office.

Our approval does not constitute the granting of any right-of-way or construction rights not granted by the lease instrument.

Your filing fee in the amount of \$30.00 has been received.

If you have any questions, or if we may be of further help, please contact Pete Martinez at (505) 827-5791.

Very truly yours,  
  
AUBREY DUNN
