Dear Mr. Catanach:

Matador Production Company (OGRID No. 228937) seeks administrative approval of an unorthodox well location for its Janie Conner 13-24S-28E RB #221H well (API No. forthcoming) to be completed within the Northwest Pierce Crossing-Wolfcamp Gas Pool (Pool Code 96712) underlying the N/2 of Section 13, Township 24S, Range, 28E, Eddy County, New Mexico. Attached as **Exhibit A** is C-102 for the well. This is a horizontal well that will be drilled as follows:

Janie Conner 13-24S-28E RB #221H

- Surface Hole Location: 379 feet from the North line and 330 feet from the East line of Section 14, Township 24 South, Range 28 East;
- First Perforation Point: 330 feet from the North line and 330 feet from the West line of Section 13, Township 24 South, Range 28 East;
- Last Perforation Point: 330 feet from the North line and 330 feet from the East line of Section 13; and
- Bottom Hole Location: 330 feet from the North line and 240 feet from the East line of Section 13.

Matador Production Company is requesting this NSL in order to efficiently produce its interests in Section 13. This well is producing from the Northwest Pierce Crossing-Wolfcamp Gas Pool (Pool Code 96712). There are

no special pool rules for this pool, and thus the setback requirements under Rule 19.15.15.10(B) of 660' apply. As a result, the completed interval for this well is closer than 660' from the boundary of the project area. The unorthodox location will encroach towards the S/2 and the NE/4 of Section 11, Section 12, the N/2 and SE/4 of Section 14, the S/2 and the NW/4 of Section 7, Township 24 South, Range 29 East, and the N/2 and SW/4 of Section 18, Township 24 South, Range 29 East. **Exhibit B** is map showing the surrounding ownership and the project area for the proposed Janie Conner 13-24S-28E RB #221H well in relation to adjoining units.

Exhibit C is a list of the parties affected by the encroachment. Each of these parties have been provided notice of this application by certified mail, return receipt requested, advising them that if they have any objection to this well, it must be filed with the New Mexico Oil Conservation Division within 20 days of the mailing of this notice. In addition, a copy of this application has also been provided to the New Mexico State Land Office.

Your attention to this matter is appreciated.

Sincerely,

Zoë E. Lees
