OCD hereby approves your application for a C-133 with the following conditions:

It is the responsibility of each holder of an approved Form C-133 to familiarize its personnel with the content of 19.15.34 NMAC and to assure operations in compliance therewith. Failure to move and dispose of produced water in accordance with 19.15.34 NMAC are cause for cancellation of Form C-133 and the authority to move produced water.

Please be advised that approval of this request does not relieve the owner/operator of responsibility should operations result in pollution of surface water, ground water or the environment. Nor does approval relieve the owner/operator of its responsibility to comply with any other applicable governmental authority's rules and regulations.

A copy of your Approved C-133 shall be placed in each of your Transport Vehicles.

Dear Leonard and Glenn,

Please find attached a re-application for a C-133 with attached Warrant, please process and provide us a copy of the Signed C-133 so we may place it in our trucking fleet.

Key Energy and/or its parent company, or one of the purchased companies has been in the trucking business for decades and have in the past always been listed as an approved hauler on the OCD C-133 list. During a routine audit by Price LLC, it was noted that for some unknown reason Key was not listed any more. Upon inquiring with the OCD, we were informed to re-apply.
