If a Watercourse was Impacted. Describe Fully.*

N/A

Describe Cause of Problem and Remedial Action Taken.*

On June 15, 2016 at 1730 MDT at James E Upper Battery a release occurred when a storm blew over a catwalk pulling out a load line from a fiberglass tank, resulting in a release of 10 bbls of Produced Water with 0 bbls recovered. Immediate action was to shut in location. Spill site will be remediated according to COPC and NMOCD guidelines.

Describe Area Affected and Cleanup Action Taken.*

I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the NMOCD marked as "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.

Good morning,

Please resubmit the C-141 with the release location information (Township and Range) and who the surface owner is.

Thank you,

Jamie
