Telephone Memorandum - Record of Discussion

TO: Robert Griffin, Enervest Operating, 575-365-8555

FROM: Geoffrey Leking, District 1, OCD

DATE AND TIME: November 21, 2008 @ 0905

SUBJECT: ENERVEST Operating, Chalupa SWD Flowline Rupture and Release, API# 30-025-29184-00-00, M-13-14S-33E

Informed Robert Griffin to:

- 1) Submit the State of New Mexico OCD Form C-141
- 2) Obtain a 3rd party environmental company since the rancher/lease owner Kenneth Augustine had called about the release
- 3) Fully delineate the area affected by the release
- 4) Release will require removal of soil with volumes dictated by concentrations of chlorides, BTEX, TPH, etc. found during delineation.

Robert Griffin stated he will contact the environmental contractor in Midland that he uses to delineate the spill. He will also submit the correct C-141 form.
