Attachments: J L Keel A 14-100611 spill map-100711.jpg

Gentlemen,

An archeological review of the J L Keel A 14 spill site has been completed. The BLM archeologists are requiring an arch survey of the site, including a 50 foot buffer around the spill as well as the access route you will need to take to reach the spill for cleanup. An archeological monitor may be required depending on the survey.

The spill map for this location is attached.

Thank you for your attention to this matter,

Terry Gregston
