If a Watercourse was Impacted, Describe Fully.* N/A		
Describe Cause of Problem and Remedial Action Taken.* flowline coming off well head released approx. 12 bbls of total fluid. All standing fluid has been picked up and the line will be repaired.		
Describe Area Affected and Cleanup Action Taken.* release impacted a 30'x20' area on the well pad, and a 15'x30' area in the pasture on the North side of the location. The area will be remediated to regulatory standards.		

I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the NMOCD marked as "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.
