**Re: Application of Chevron U.S.A. Inc. for administrative approval of an unorthodox location, Section 15, Township 26 South, Range 32 East, N.M.P.M., Lea County, New Mexico.
SD WE 15 Fed P9 No. 6H Well**

Dear Mr. Catanach:

Chevron U.S.A. Inc. ("Chevron") (OGRID 4323) seeks administrative approval of an unorthodox well location for its **SD WE 15 Fed P9 No. 6H Well** (API No. 30-025-43461) to be completed within the Bone Spring (Jennings; Upper Bone Spring Shale (97838)) underlying the W/2 E/2 of Section 15. This well will be drilled from a surface location 12 feet from the South line and 1,446 feet from the East line (Unit O). The first perforation will be located 330 feet from the South line, 1,342 feet from the East line (Unit O) and the final perforation will be located 330 feet from the North line and 1,342 feet from the East line (Unit B) of Section 15. Since this acreage is governed by the Division's statewide rules which provide for wells to be located no closer than 330 feet to the outer boundary of the spacing unit, the completed interval for this well will be unorthodox because it is closer than 330 feet to the eastern, southeastern, and northeastern boundaries of the project area.

Chevron is the 100% working interest owner in Section 15. Ownership in the spacing and proration unit in the E/2 E/2 is therefore common with the proposed spacing unit and therefore there are no affected parties in the spacing units to the East. Chevron will operate the SD WE 15 Fed P9 No. 7H Well (API No. 30-025-43462) in the E/2 E/2. Approval of the unorthodox completed interval will allow Chevron to develop these sections using their preferred well spacing plan for horizontal wells in this area, and thereby prevent waste of a productive reservoir.

Exhibit A is the Well Location and Acreage Dedication Plat (Form C-102), which shows that the completed interval of the proposed **SD WE 15 Fed P9 No. 6H Well** encroaches on the spacing and proration units to the East, Northeast, and Southeast.

Holland & Hart LLP

Phone (505) 988-4421 Fax (505) 983-6043 www.hollandhart.com

Aspen Boulder Carson City Colorado Springs Denver Denver Tech Center Billings Boise Cheyenne Jackson Hole Las Vegas Reno Salt Lake City Santa Fe Washington D.C.

Exhibit B is a land plat showing the proposed **SD WE 15 Fed P9 No. 6H Well** in relation to adjoining spacing units.

Exhibit C is a list of the parties affected by the encroachment to the Northeast and Southeast. As described above, Chevron is the operator in the spacing unit it the E/2 E/2 of Section 15 and ownership is identical with that of the subject spacing unit. For these reasons, there are no affected parties in the spacing unit to the East. Parties affected by the unorthodox location are located in the spacing units to the Northeast and Southeast. A copy of this application with all attachments has been sent by certified mail to each affected party advising them that if they have an objection it must be filed in writing with the Division within 20 days from the date the Division receives the application. A courtesy copy of this application has also been provided to the Bureau of Land Management—Carlsbad.

Exhibit D is a notice of publication in the newspaper of general circulation for Lea County.

Your attention to this application is appreciated

Sincerely,

Jordan L. Kessler
