Re: Application of EOG Resources, Inc. for administrative approval of an unorthodox well location for its Neptune 10 State Com No. 703H Well in the W/2 W/2 of Section 3 and Section 10, Township 24 South, Range 33 East, N.M.P.M., Lea County, New Mexico.

Dear Mr. Catanach:

EOG Resources, Inc. (OGRID No. 7377) seeks administrative approval of an unorthodox well location for its **Neptune 10 State Com No. 703H Well** to be completed within the WC-025 G-09 S243310P; Upper Wolfcamp (Pool Code 98135) underlying Sections 3 and 10, Township 24 South, Range 33 East, N.M.P.M., Lea County, New Mexico. This well will be drilled from a surface location 164 feet from the South line and 1,217 feet from the West line (Unit M) of Section 10. The upper most perforation will be located 330 feet from South line and 1,170 feet from the West line (Unit M) of Section 10 and the lower most perforation will be 330 feet from the North line and 1,170 feet from the West line (Unit D) of Section 3. Since this acreage is governed by the Division's statewide rules which provides for wells to be located no closer than 330 feet to the outer boundary of the spacing unit, the completed interval for this well will be unorthodox because it is closer than 330 feet to the eastern, southeastern, and northeastern boundaries of the project area.

EOG is the operator of the Neptune 10 State Com No. 701H Well, an existing Wolfcamp well located in the W/2 S/W and S/W N/W of Section 3 and the W/2 W/2 of Section 10. The working interest ownership is identical in the W/2 W/2 and the E/2 W/2 of Sections 3 and 10. Approval of the unorthodox completed interval will allow EOG to use their preferred well spacing plan for horizontal wells in this area and thereby prevent waste.

Exhibit A is a draft Well Location and Acreage Dedication Plat (Form C-102), which shows that the completed interval of the proposed **Neptune 10 State Com No. 703H Well** encroaches on the spacing and proration units to the East, Northeast, and Southeast.

HOLLAND & HART^{LLP}

Exhibit B is a land plat for Sections 3 and 10 and the surrounding sections that shows the proposed **Neptune 10 State Com No. 703H Well** in relation to adjoining units and existing wells.

Exhibit C is a list of the parties affected by the encroachment to the Northeast and Southeast. As described above, EOG is the operator in the spacing proration unit comprised of the E/2 W/2 of Sections 3 and 10 and ownership is identical to the proposed spacing unit. Accordingly, there are no affected parties in the spacing units to the East of the proposed well. Each of the parties listed on Exhibit C have been provided notice of this application by certified mail. A copy of this application has been provided to the Bureau of Land Management-Carlsbad Office.

Your attention to this matter is appreciated.

Sincerely,

A handwritten signature in black ink, appearing to read 'JL Kessler', written in a cursive style.
