ATTN: Mr. Michael Stogner

Re: Administrative Application for Simultaneous Dedication
State L (B-1400) Lease, Wells #1, #2 and #2Y
Eumont Yates Seven Rivers Queen (Pro Gas) Pool
SE/4 Sec. 1, T21S, R35E, Lea County, New Mexico

Dear Mr. Stogner:

Citation Oil & Gas Corp. respectfully requests your approval of this administrative application for Simultaneous Dedication of acreage for the State L #1, #2 and #2Y wells. On February 16, 1998, your office approved Administrative order NSL-3949 (SD) for the State L #2 and #2Y wells due to reclassification of well #2Y from oil to gas. A copy of that Order is attached. The State L #1 well was completed as an oil well on 9/11/1937 and was temporarily abandoned 4/13/1965. On 12/7/2000, it was recompleted to a gas well in the Eumont Yates Seven Rivers Queen (Pro Gas) Pool.

FD 3873

Citation intends to simultaneously dedicate the existing 160 acre Gas Proration Unit currently dedicated to the State L #2 and #2Y gas wells to include the State L #1 well. Approval to this administrative application is requested in order to prevent waste and to have all three wells classified as gas.

Attached is a map showing offset operators, Form C-102 and a copy of Form C-104 for reclassification of the L #1. A copy of this letter and attachments, with waiver to objection forms are being furnished by Certified Mail to offset operators as notice of this application.

If you have any questions or require additional information, please contact me at (281) 517-7194.

Sincerely,

Debra Harris

Attn: Debra Harris

Administrative Order NSL-3949(SD)

Dear Ms. Harris:

Reference is made to your application dated January 16, 1998 for an unorthodox Eumont gas well location within an existing non-standard 160-acre gas spacing and proration unit ("GPU") for said Eumont Gas Pool comprising the SE/4 of irregular Section 1, Township 21 South, Range 35 East, NMPM, Lea County, New Mexico. Said GPU was established by Division Order No. R-520, dated August 12, 1954 and currently has dedicated thereon the State "L" Well No. 2 (API No. 30-025-03390) located at an unorthodox gas well location 990 feet from the South line and 330 feet from the East line (Unit X) of said irregular Section 1 (see letter of approval dated December 30, 1954).

It is our understanding that the subject well in this application, the State "L" Well No. 2-Y (API No. 30-025-03393), located at a standard oil well location 330 feet from the South line and 990 feet from the East line (Unit X) of said irregular Section 1, was drilled to and completed within the Eumont Gas Pool in 1955. Since that time the State "L" Well No. 2-Y has been classified an "oil well." Recently however this well was reclassified to a Eumont "gas well" and pursuant to Rule 2(b)4 of the "General Rules for the Prorated Gas Pools of New Mexico/Special Rules and Regulations for the Eumont Gas Pool," as promulgated by Division Order No. R-8170, as amended, said gas well location is considered to be unorthodox.

The subject application has been duly filed under the provisions of Rule 104.F of the General Rules and Regulations of the New Mexico Oil Conservation Division and the appropriate provisions of said special Eumont Gas Pool rules.

By authority granted me under the provisions of Rule 2(d) of said special pool rules for the Eumont Gas Pool and Division General Rule 104.F(2) the above-described unorthodox Eumont gas well location for said State "L" Well No. 2-Y is hereby approved.

Citation Oil & Gas Corporation is hereby authorized to simultaneously dedicate Eumont Gas production from both the State "L" Well Nos. 2 and 2-Y. Furthermore, you are hereby permitted to produce the allowable assigned the subject GPU from both wells in any proportion.

Sincerely,

Lori Wrotenbery
