Describe Area Affected and Cleanup Action Taken.* <i>Approximately 1,676 mcf was released from the sales gas line.</i>		

I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the NMOCD marked as "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.

Subject: PIONEER FEDERAL COM 1(API #30-015-24777) Gas Release Notification

Good afternoon,

Devon identified the following release at 10:00 AM MST on 02/22/18. The volume of the release was not known until this afternoon after reviewing meters and calculations. The incident is described below.

1. PIONEER FEDERAL COM 1 (API #30-015-24777)
 - a. A pinhole developed between the check meter and the sales meter on the gas sales line, releasing approximately 1,676 mcf.

A C-141 will be prepared and submitted with GPS coordinates of the area affected.

Thanks,

Brett Fulks
