**Re: Application of Ameredev Operating LLC for administrative approval of an unorthodox well location for its Redbud State Com 25 36 32 #107H in the E/2 E/2 of Section 29 and the E/2 E/2 of Section 32, Township 25 South, Range 36 East, N.M.P.M., Lea County, New Mexico.**

Dear Ms. Riley,

Ameredev Operating, LLC (OGRID No. 372224) seeks administrative approval of an unorthodox well location for its **Redbud State Com 25 36 32 No. 107H Well** (API No. 30-025-45036) to be completed within the WC-025 G-09 S263620C; Wolfcamp (Pool Code 98230) underlying the E/2 E/2 of Section 29 and the E/2 E/2 of Section 32, Township 25 South, Range 36 East, N.M.P.M., Lea County, New Mexico. This well will be drilled from a surface location 200 feet from the south line and 1012 feet from the east line (Unit P) of Section 32. The first take point will be located 100 feet from the south line and 1026 feet from the east line (Unit P) of Section 32, and the last take point will be 100 feet from the north line and 1026 feet from the east line (Unit A) of Section 29. Since this acreage is governed by the Division's statewide rules, the completed interval for this well will be unorthodox because it is closer than 330 feet to the western boundary of the horizontal spacing unit.

Ownership is identical in the tracts to the west to the proposed horizontal spacing unit. Approval of the unorthodox completed interval will allow Ameredev to use its preferred well spacing plan for horizontal wells in this area and, thereby, prevent waste.

**Exhibit A** is a Well Location and Acreage Dedication Plat (Form C-102), which shows that the completed interval of the proposed **Redbud State Com 25 36 32 No. 107H Well** encroaches on the tracts to the west.

**Exhibit B** is a land plat for Sections 29 and 32 and the surrounding sections that shows the proposed **Redbud State Com 25 36 32 No. 107H Well** in relation to adjoining units and existing wells.

**Exhibit C** is a letter from the Landman, Brandon Forteza, verifying that ownership in the proposed horizontal spacing is identical to tracts to the west. Accordingly, there are no affected parties in the tracts to the west of the proposed well.

A copy of this application has been provided to the State Land Office. Your attention to this matter is appreciated.

Sincerely,

Julia Broggi
