Farmington, New Mexico 87401

Attention: Mr. Charlie Donahue

Re: Form C-107-A  
Carson No. 2  
Section 7, T-30 North, R-4 West, NMPM,  
Rio Arriba County, New Mexico

Dear Mr. Donahue:

I have reviewed your recent application to downhole commingle Pictured Cliffs/Mesaverde/Gallup production within the Carson No. 2, and I have determined that additional information will be required to process the application.

Please address the following issues and submit the required data, so that I may resume processing your application:

- 1) Form C-107-A was revised June 10, 2003. You are using an outdated form. I will accept the form for this application, however, in the future I will require the proper form. The revised form may be found on our website, or at the District Office in Aztec;
- 2) DHC-2740 did not approve commingling for this well. DHC-2740 approved commingling for the Energen Jicarilla "97" Well No. 6;
- 3) Commingling for this well appears to have been granted by Division Order No. R-10426 dated June 15, 1995;
- 4) In view of this discrepancy, is your proposed allocation formula still correct?

Thank you for your prompt attention to this matter.

Sincerely,

David Catanach  
Engineer
