Mr. A. L. Porter
Secretary-Director
New Mexico Oil Conservation Commission,
P. O. Box 871
Santa Fe, New Mexico

Dear Mr. Porter:

Aztec Oil & Gas Company has informed Great Western Drilling Company of their application to deviate a well previously drilled to the Blanco Mesaverde Pool in San Juan County, New Mexico. This is to inform you that Great Western Drilling Company has no objection to the granting of this application.

Yours very truly,

GREAT WESTERN DRILLING COMPANY

Attention: Mr. Gordon E. Coe

Administrative Order DD-2

Gentlemen:

Reference is made to your application dated June 29, 1967, for authority to set a whipstock above the Mesaverde formation and to intentionally deviate your Hubbard Well No. 2, located 990 feet from the South line and 990 feet from the West line of Section 11, Township 32 North, Range 12 West, NMPM, San Juan County, New Mexico, to be recompleted as a dual in the Blanco-Mesaverde and Basin-Dakota Gas Pools.

Pursuant to the authority given me by Order No. R-3031, as corrected by Order No. R-3031-A, you are hereby authorized to intentionally deviate the above-described well.

The above approval is given in the interest of the prevention of waste. To ensure that correlative rights are adequately protected, no allowable shall be assigned to the aforesaid well until the provisions of Section 1(c) of Order No. R-3031 have been complied with.

Very truly yours,

**A. L. PORTER, Jr.
Secretary-Director**

Re: Application of Aztec Oil & Gas Company for Approval of the Intentional Deviation of a Well previously drilled to the Blanco-Mesaverde Pool in San Juan County, New Mexico, Pursuant to Order No. R-3031, as Amended

Mr. A. L. Porter
Secretary-Director
New Mexico Oil Conservation Commission
P. O. Box 871
Santa Fe, New Mexico

Dear Mr. Porter:

Pursuant to Order No. R-3031, as amended by Order No. 3031-A, Aztec Oil & Gas Company hereby submits in triplicate, its application for approval for the intentional deviation of a well previously drilled to the Blanco-Mesaverde Pool in San Juan County, New Mexico.

In support of this application, Applicant respectfully states and shows the following:

1. The well to be deviated is the Aztec-Hubbard No. 2 Well, located 990 feet from the South line and 990 feet from the West line of Section 11, Township 32 North, Range 12 West, San Juan County, New Mexico. The proration unit for the well is the $S\frac{1}{2}$ of said Section 11, being more particularly described as Lots 1, 2, 3, 4, $S\frac{1}{2} SE\frac{1}{4}$ and the $S\frac{1}{2} SW\frac{1}{4}$. The well was originally completed open hole in the Blanco-Mesaverde Pool in August, 1951.

2. Applicant now proposes to set a whipstock above the Mesaverde producing interval, intentionally deviate and re-drill to the Mesaverde and Dakota formation and dually complete the well in both zones.

3. The well will be so drilled and such deviation tests conducted as may be necessary to ensure that the well is bottomed no nearer than 200 feet to the outer boundary of its proration unit.

4. Such proposed operation will prevent waste and protect correlative rights.

June 29, 1967

New Mexico Oil Conservation Commission

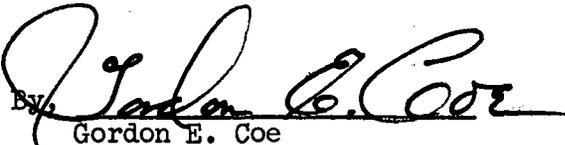

5. There is attached hereto as Exhibit I, a plat showing the proration unit upon which the well is located, all offsetting proration units, and the ownership of each such offsetting proration unit.

6. Applicant has forwarded a copy of this application by certified mail, to each operator offsetting the proration unit; such operators being Great Western Drilling Company and El Paso Natural Gas Company.

Applicant respectfully requests the Secretary-Director to approve this application to intentionally deviate the subject well.

Respectfully submitted,

AZTEC OIL & GAS COMPANY

Mr. Joe G. Salmon
District Superintendent
Aztec Oil & Gas Company
P. O. Drawer 570
Farmington, New Mexico

Dear Mr. Salmon:

P
Orders Nos. R-3031 and R-3031-A authorize the Secretary-Director to approve the intentional deviation of wells previously drilled to the Blanco-Mesaverde Pool in San Juan or Rio Arriba County.

Y
For your convenience, I am enclosing copies of the above orders. Please note that the following information must be furnished the Commission before your application can be approved.

1. Stipulation that the well shall be so drilled and such tests conducted as may be necessary to ensure that the well is bottomed no nearer than 200 feet to the outer boundary of its proration unit.
2. A plat showing the proration unit upon which the well is located, all offsetting proration units, and the ownership of each offsetting proration unit.
3. A statement that the applicant has sent, by registered or certified mail, a copy of the application to each offset operator.

Your application will be held in abeyance until all requirements have been complied with.

Very truly yours,

GEORGE M. HATCH
Attorney

Santa Fe, New Mexico

Dear Sir:

Aztec Oil and Gas Company requests an administrative order to set a whipstock and deviate the Hubbard #2 well located 990 FSL & 990 FWL, Sec. 11-32N-12W. It is our intention to deviate around the old open hole completion in the Mesaverde, deepen to the Dakota and dually complete in both zones.

Yours truly,

AZTEC OIL AND GAS COMPANY
