Re: Barrett #7  
Sec. 19, T31N, R9W  
San Juan County, New Mexico

Dear Mr. LeMay:

Tenneco Oil Company plans to drill the referenced well during the 2nd quarter of 1987. According to the State requirements, "all gas wells equipped with casing larger in size than 2 7/8-inch OD shall be tubed" (Rule 107-D2). Tenneco has proposed a slimhole completion in the Pictured Cliffs formation using 3 1/2-inch casing.

Tenneco Oil Company respectfully requests administrative approval for a tubingless completion as stated in Rule 107-D4.

Very truly yours,

TENNECO OIL COMPANY
